WHAT WE OFFER YOU

Five reasons to settle in

1 Competitive operating costs

Industrial land prices are well below those of the large Catalan centres, with stable energy supplies and abundant water resources for intensive industries.

2 More agile procedures

Administrative support from the Consell and town councils to expedite permits, environmental licences and all the necessary documentation to operate.

3 Incentives and aid

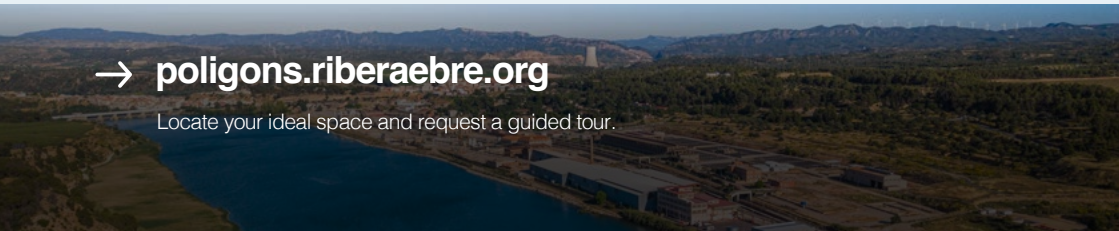

Access to the Fons de Transició Nuclear, local tax incentives, technological innovation programmes and European funding for reindustrialisation.

4 Technical talent available

Qualified workforce trained in the industrial, energy and chemical sectors, reinforced with nearly 1,000 technical professionals who join the market as a result of the nuclear transition.

5 Industrial ecosystem

Network of companies, local suppliers and technology centres around the energy, agri-food, chemical and advanced manufacturing sectors.
